# FASTCORE PHOTOS

Hello all,

It's been three years since I put together my first Fastcore Photos book (thanks again Shookup Publishing!). I'm finally back with issue #4 and these are the best photos I've taken since then. I got a new camera that takes video and have changed some focus to get a lot of video but still in this time period I've also gotten the chance to photograph some of my favorite bands and this is the collection. Most photos taken in DIY spots in Raleigh, NC, some in Greensboro NC, and just a few in Richmond VA.
